

Bavaria 35 Sport, 2005

This blue and white Bavaria 35 Sport is a rare find: The boat is in excellent condition and has only about 800 hours of operation. It has had only two owners.

Professional maintenance of this motorboat has been handled for 15 years at the Hopeasalmi shipyard in Helsinki. The boat has been waxed and polished annually, as well as having the hull and drive units regularly painted.

The Bavaria is equipped with all the essentials needed on the water. The equipment includes, among other things, a radar, bow ladder, and electric toilet. The hull and drive units have just been refurbished.

With the open bow rail and bow ladder, it is easy to dock the boat both bow-first and stern-first. The twin-engine installation provides both reliability and ease of handling.
