

FINNGULF 41 YEAR 2002 HULL N.O: 9

The Finngulf 41 is a premium Finnish-built performance cruiser combining elegant lines, offshore capability, and refined comfort. Designed for discerning sailors who appreciate quality construction and rewarding sailing characteristics, the 41 delivers both speed and stability in equal measure. Below deck, the interior reflects classic Nordic design: solid wood joinery, abundant natural light, and a practical galley and navigation area suited for longer voyages. The yacht is a spacious three cabin version with one head including shower. The saloon offers comfortable seating for family and guests, while cabins provide large berths and ample storages. She has been stored always in a warm storage since new and she has been sailing only in the Baltic Sea area – less salt and UV-light. The yacht is well-equipped. She has been annually serviced and maintained by professionals. Second owner since new. VAT paid.
