

FINNMASTER T9ST YEAR 2024 – LOT OF EXTRAS, VAT DEDUCTIBLE

The T9 ST is a large and stable day cruiser with a spacious cabin and an electrically opening and closing large roof. The large panoramic windows are made without vertical bars, offering an unobstructed view out of the boat, and the large size of the windows provides protection and comfort in all weather conditions. The Finnmaster T9's renowned sleek, sporty design brings a touch of luxury to leisure, and is further enhanced by the ST model's many solutions. For instance, the rear canopy slides smoothly into the wide roof beams and is easy to install. The boat has two large double beds under the deck and a head with electric toilet and a shower. The boat has been only in the demo usage. She is nearly full loaded of factory extra equipment. The boat and engine have been regularly maintained since new.

VAT deductible, the asking price includes the Finnish VAT.
