

TARGA 44, 2010

A very comprehensively equipped and meticulously maintained Targa 44, built in 2010. The boat is located in Hanko and has always been stored in a heated indoor facility. Equipment includes, among others, 2 x Volvo Penta D6-370 engines, joystick controls both in the cabin and on the flybridge, bow and stern thrusters, a complete Raymarine electronics package, FLIR thermal camera, open-array radar, diesel generator, inverter, full teak decking, as well as a Hard-Top with crane and sunbed. Stylish Alcantara interiors, comprehensive heating, and extensive comfort and safety equipment make this an excellent choice both as a commuter boat and for longer cruising. The teak decks were sanded and treated in 2026. The boat has been regularly washed, waxed, and serviced.

Location: Hanko, Finland
